VERSE 1
I'm all alone
Holding on to memories
While you're moving on,

Let me take you back
When we first said good bye...
Cause I need you...

I try because
All that I can do is
Hope that loves enough,

To pull you close enough to hold you
I'll close my eyes...
And I see you...

CHORUS:
Even when the sky falls and I've lost it all
I know I will find you there
Even when my heart stops
I'll keep looking
Cause I know I will find you there

You know I will find you
I'll find you
I'll will find you there

You know I will find you
I'll find you
I'll will find you there

VERSE 2
So tell me why
Why you want a world between us,

Let me try
I know you know this time I mean it
Say you still care and you need me

So where's you go

Something in your voice says
You're not alone,

Do you remember when I said
I'd always be there
Believe me...

CHORUS:

Even when the sky falls and I've lost it all
I know I will find you there
Even when my heart stops
I'll keep looking
Cause I know I will find you there

You know I will find you
I'll find you
I'll will find you there

You know I will find you
I'll find you
I'll will find you there

BRIDGE:
We're timeless...
We're fearless...
We're always gone...

We're brilliant...
We're broken...
We're burned and on...

Even when the sky falls and I've lost it all
I know I will find you there
Even when my heart stops
I'll keep looking
Cause I know I will find you there

You know I will find you
I'll find you
I'll will find you there

You know I will find you
I'll find you
I'll will find you there

Even when the sky falls and I've lost it all
I know I will find you there
Even when my heart stops
I'll keep looking
Cause I know I will find you there

You know I will find you
I'll find you
I'll will find you there

You know I will find you
I'll find you
I'll will find you there
