Here's a song for the nights I think too much
And here's a song when I imagine us together
Here's a song for when we talk
Too much and I forget my words

Heaven can wait up high in the sky
It's you and I
Heaven can wait deep down in your eyes
I'm yours tonight
Lay your heart next to mine
I feel so alive
Tell me you want me to stay, forever
'Cause heaven can wait

Here's a song for the one who stole my heart
And ran so far that cupid couldn't catch her
Here's a song for the kid who aims so high
He shot her down
Heaven can wait up high in the sky
It's you and I
Heaven can wait deep down in your eyes
I'm yours tonight
Lay your heart next to mine
I feel so alive
Tell me you want me to stay forever
'Cause heaven can wait

Here's a song for the nights
I drink too much and spill my words

Heaven can wait up high in the sky
It's you and I
Heaven can wait deep down in your eyes
I'm yours tonight
Lay your heart next to mine
I feel so alive
Tell me you want me to stay forever
'Cause heaven can wait

'Cause heaven can wait
'Cause heaven can wait
