Hey, don't write yourself off yet.
It's only in your head you feel left out or looked down
on on.
Try your best, try everything you can.
Don't worry about what they tell themselves while
you're away.

It just takes time,
Little girl you're in the middle of the ride.
Everything, everything will be just fine.
Everything, everything will be alright, alright.

Hey, you know they're all the same.
You know you're doing better on your own,
So don't bite in.
Live right now, just be yourself.
It doesn't matter if you're good enough for someone
else.

It just takes time,
Little girl you're in the middle of the ride.
Everything, everything will be just fine.
Everything, everything will be alright, alright.

It just takes time,
Little girl you're in the middle of the ride.
Everything, everything will be just fine.
Everything, everything will be alright, alright.

Hey, don't write yourself off yet.
It's only in your head you feel left out or looked down
on.
Do your best, do everything you can.
And don't you worry what the bitter hearts are gonna
say.

It just takes time,
Little girl you're in the middle of the ride.
Everything, everything will be just fine.
Everything, everything will be alright, alright.

It just takes time,
Little girl you're in the middle of the ride.
Everything, everything will be just fine.
Everything, everything will be alright.
