There's so much I wanna say
Something you won't understand
I'm already gone today
Off to be a better man

And it's true
That I'm over you

I know it took a little while
I know I cried a couple tears
Every step was like a mile
Every day a million years

And it's true
I'm finally over you
And I'm on my way

[Here's to the nights I cared
To the night you left
I'll pour you a drink
And toast to the end

Here's to the scene of the crime
Left me here to die
I'm finally over you

I'm alive]

When it rains it really pours
Now the sun is kicking in
You used to say I made you sick
Now go and take your medicine

'Cause it's true
That I'm over you
And I'm on my way

[Chorus]

'Cause these bitter days are only a memory
Better days are just days away
Cut both ways 'cause you're covered in bandaids

Now

[Chorus]

Here's the scene of the crime

Here's the last goodbye

I'm finally over you

[Chorus]

I'm alive (times 4)

I'm finally over you

I'm alive.
