#### Verse 1

Kids Wake up, and ride your dreams until the sun  
comes up, the night is young and we're a hundred  
guns, locked and loaded aiming to, the sky  
Pre-Chorus Cause we're about to break, break, break,  
break it out, and we're about to shake, shake, shake,  
shake the town, we're about to break, break, break,  
break it out tonight

Chorus Party, Fun, Love and Radio, we're just gonna  
smash these walls until they fall, It's all about Party,  
Fun, Love and Radio, our time is running out, baby all  
we have is now

Verse 2 Kids run wild, lets hit the trails and set the  
night on fire, we're blowing smoke so high a thousand  
miles, taking up we're flying through, the sky  
Pre-Chorus Cause we're about to break, break, break,  
break it out, and we're about to shake, shake, shake,  
shake the sound, we're about to break, break, break,  
break it out tonight

Chorus Party, Fun, Love and Radio, we're just gonna  
smash these walls until they fall, It's all about Party,  
Fun, Love and Radio, our time is running out, baby all  
we have is now

Bridge Shout out to all them girls who get me down,  
down, Shout out to all my boys, we get it loud, loud,  
Shout out to all them kids who want it now, now We  
want it now, now We want it now, now!

Chorus Party, Fun, Love and Radio, we're just gonna  
smash these walls until they fall, It's all about Party,  
Fun, Love and Radio, our time is running out, baby all  
we have is now (x2)
