She said let's change our luck  
This night is all we've got  
Drive fast until we crash  
This dead end life  
Sweet dreams that won't come true  
I'd leave it all for you  
Brick walls are closing in  
Let's make a run tonight

Blinded by the lights  
Hold you through forever  
Won't let you go

Cause if you jump  
I will jump too  
We will fall together  
From the building's ledge  
Never looking back at what we've done  
We'll say it was love  
Cause I would die for you  
On skyway avenue

She said don't change your mind  
Let's leave this town behind  
We'll race right off the cliff  
They will remember this  
It all got so mundane  
With you I'm back again  
Just take me by the hand  
We're close to the edge  
Blinded by the lights  
Hold you through forever  
Won't let you go

Cause if you jump  
I will jump too  
We will fall together  
From the building's ledge  
Never looking back at what we've done  
We'll say it was love  
Cause I would die for you  
On skyway avenue

Where are your guts to fly  
Soaring through, through the night  
And if you take that last step  
I'll follow you  
Leave the edge and fly  
We're finally alive

Cause if you jump  
I will jump too  
We will fall together  
From the building's ledge  
Never looking back at what we've done  
We'll say it was love  
Cause I would die for you  
On skyway avenue  
So what's left to prove  
We have made it through
