Green light, go
Memories are blindin'
Racin' through the photos to find you
One more time,
Dancing the night away

I gotta leave right now
While everything's frozen
Eyes wide shut
Run for the roses
Boy meets girl
Now only ghosts remain

Young and in love
I can't go home again

Summer, don't leave me here
Summer, I'm high and dry
Watching the waves come down
On all the days of you and I
I'm waiting, you're fading
Like sparks in the dark
Summer, I'll stand to fall
'Cause without you here,
I just can't stand at all

You controlled my love like a remote
Breeze blew in from every single window
Wrapped in sheets
Together from head to toe

And when the cash ran out,

We camped out at bus stops
Begged for change to get to the next spot
Best of times
Caught in the undertoe

I fell in love
I can't go home again

Summer, don't leave me here

Summer, I'm high and dry
Watching the waves come down
On all the days of you and I
I'm waiting, you're fading
Like sparks in the dark
Summer, I'll stand to fall
'Cause without you here,
I just can't stand at all

Think of you and the night
We spent lighting up the sky
You know we had it all
Won't stop until you're back
Where you belong

Summer, don't leave me here
Summer, I'm high and dry
Watching the waves come down
On all the days of you and I
I'm waiting, you're fading
Like sparks in the dark
Summer, I'll stand to fall
'Cause without you here,
I just can't stand at all
