Verse 1

Fade to black the camera's rolling
Open roads where are we going
Unprepared and unaware we steer
Faster every day we're breathing
Faster than a bullet speeding
Photos make our memories stand clear

Pre-Chorus

We're dancing into life like we broke in
Crashing the night

Chorus

Push ahead, push ahead
Past the highest ledge
Tonight is ours with every step
Push ahead, push ahead
Such a beautiful sight
After every hill we climbed
It's never been so clear
And at the top we scream
"I really like the view from here"

Verse 2

Racing for a new beginning
Chasing roads that are never-ending
Here's our chance to drive new history
Best times yet around the corner
Catching dreams without a border
We are here and we are finally free

Pre-Chorus

We're dancing into life like we broke in
Crashing the night

Chorus

Push ahead, push ahead
Past the highest ledge
Tonight is ours with every step
Push ahead, push ahead
Such a beautiful sight
After every hill we climbed

It's never been so clear
And at the top we scream
"I really like the view from here"

Bridge

So take my hand, take a chance
Take a bow, take your moment now
'Cause it's a long way down
So take a stand, take a shot
Take a bow, take your moment now
'Cause it's a long way down

Chorus

Push ahead, push ahead
Past the highest ledge
Tonight is ours (x2)

Push ahead, push ahead
Past the highest ledge
Tonight is ours with every step
Push ahead, push ahead
Such a beautiful sight
After every hill we climbed
It's never been so clear
And at the top we scream
"I really like the view from here"
