Dear Bradenton
You have been good to me
You've kept your word
And got me through these years

And All I ask
Is that you'll be here
When I return
To share arms
In what we have learned
For so long these streets were my home

Dear Bradenton
As the city sleeps the night
You found us hiding out
Under parking garage lights
And you know
You know you'll find us here
When we return
From Anna's isle to
Eastern feilds

This is our town
This is who we're meant to be
This is our town
Where our roots have grown so deep
This is our town
This is where we're meant to be

This is our town
We'll keep coming back because...

This is our town
This is our town
This is our town
(What are we running for?)
This is our town
(What are we running for?)
This is our town
(This is our town)

Dear Bradenton

As I gently close my eyes
I hear you whisper softly
As we continue our goodbyes
And all I ask
Is that you'll be there
When we return

Cause this is our town
This is who we're meant to be
This is our town
We're our roots have grown so deep
All I ask is that you'll be here
When I return
