If it changes hands
will you count the dollars?
Put the kiddies on the next train
Put the kiddies on the train

Sell the skyscraper and the farm
Buy a space-station seat
Could you use a little more room?
Could you use more room?

Newspapers are looking grim
Weatherman's out sick again

If your shoulder's cold
it's because they're staring
Time to walk a little faster
Time to run like hell!

Find the shelter that lets you in
Share a bed with your boss
Don't mistake your boots for slippers
Don't mistake your boots for oil

The roots are breaking through the floor
