Dreamcatcher, catch me a dream
A dream that can set the whole world free
Dreamcatcher, catch me a dream
A dream that can set the whole world free

Cause I don't wanna be here
Cause I don't wanna be here
Cause I don't wanna be here no more
Cause I don't wanna be here

Dreamcatcher, sing me to sleep
A song that can set the whole world free
On my wall you're such good company
So sing me a song to put me to sleep

Cause I don't wanna be here

Cause I don't wanna be here
Cause I don't wanna be here no more
Cause I don't wanna be here

I'm in too deep
I'm loosing sleep
I'm in too deep
I'm loosing sleep

Cause I don't wanna be here
Cause I don't wanna be here
Cause I don't wanna be here no more
Cause I don't wanna be here

Cause I don't wanna be here
Cause I don't wanna be here
Cause I don't wanna be here no more
