There come a time  
When I wake up and sigh  
For you I cherish and speak the truth  
How do I ever thank God for you?

I know I'm blessed  
But it doesn't mean I don't have to be grateful with  
every breath  
Maybe that's the kind of guy I am  
So filled with love that I can barely stand

Oh Lord, won't you realize what you've done  
You've given me the most beautiful one  
To ever be descended from above  
And she just so happened to fall in my arms

I swear that I'll never let her go  
But I don't know how easy it is  
To hold onto an angel

Here comes the bride  
I only feel complete since both of my legs shake all the  
time  
Maybe that's the kind of guy I am  
So filled with love that I can barely stand

Oh Lord, won't you realize what you've done  
You've given me the most beautiful one  
To ever be descended from above  
And she just so happened to fall in my arms, my arms

I swear that I'll never let her go  
But I don't know how easy it is  
To hold onto an angel

I swear that I'll never let her go  
But I don't know how easy it is  
To hold onto an angel
