Don't you hide,  
Don't you hide from me,

Where have you been baby,  
Where did you go?

I've been searching,  
I've been waiting,  
all night long,  
[2x]

Could you wait for me,  
and not leave me for dead,

It's all crashing down,  
It's all crashing down,

now,

abandon me,  
You weren't ever goo for anything else,  
Abandon me,  
now you want nothing to fear?  
This is hell,  
And now you want to be strong?

So pick up your pieces,  
and hand them to the mortician,  
He'll lay them to rest,

Where have you been?
