Lets make this believable,
Believe that everything gets better,
It's all we have,
It's all we know,

Those mournful nights stay alive,
The messenger is in danger,
I she'd the sheers from glass of the mirror,
Now you can get anyway with anything,
But I still stand up for you,
I still stand up for you.

Decentralize,
Amazing whites,
(Of their eyes)
Of their eyes.

Should I feel alive?
Should I feel alive?
Tell me what should I feel like.

I stay near the phone,
In the dark when there's no one home,
I ask myself why wait?
Wait for that call that wont come home,
Oh what do you know?
Why wait for that call that wont come home all alone

I wish you could hear me,
Screaming an yelling in high frequency,
I'll ask you.

Can you hear me?

You're still in the back of my head,
I'm a mess,
Can't even hold myself together,
But you are still there,
One love to come and go,
One love to come and go,
I see you're dressed in white.
