City streets at night
Can be so intimidating
I'm not the toughest guy
I gotta keep my eyes open
You came out of nowhere

Man you really freak me out
I'm so afraid of you
And when I lose my cool
I don't know what to do

I know you don't mean no harm
You just doing your thing
But man you really freak me out

Did I hurt you? Are you okay?
Can I buy you a drink?
Oh what's the world coming to?
You came out of nowhere

Man you really freak me out
I'm so afraid of you
And when I lose my cool
I don't know what to do

I know you don't mean no harm
You just doing your thing
But man you really freak me out

I'm going to try to improve my manners
(Manners)
Everyone, yes everyone, is my friend

City streets at night
(City streets at night)
City streets at night
(City streets at night)
Till the morning light
(Till the morning light)
City streets at night
(City streets at night)

Man you really freak me out
I'm so afraid of you
And when I lose my cool
I don't know what to do

I know you don't mean no harm
You're just doing your thing
But man you really freak me out
