

## Weezer "Run Away"

I thought you would always be my friend  
Now everything must end  
And so the world moves on  
And everything must change

When I'm looking at the night sky, I can see my soul  
I see the little lights flashing at each other up above  
Is it us making love in the Milky Way  
Long before we threw it all away?

Hey, you  
We're running out of time  
And you know it's true  
I just want to run away from here with you  
Tonight...  
Tonight..

Sometimes I wish I was a house at the end of the block  
You could smash all my windows with the throw of a  
rock  
And make the hurt go away, come again some other  
day  
There's so much I want to say about

You  
We're running out of time  
And you know it's true  
I just want to run away from here with you

I thought you would always be my friend  
But everything must end  
And so the world moves on  
Cause everything must change  
And now you're all alone  
You're sitting by the telephone  
You wonder why  
Everyone will cry  
Tonight...  
Tonight...  
Tonight...  
Tonight..
