It looks like
you were never going to be my queen
It looks like
there were to many places you wanna see
if you ever need some one
i'll be there! i'll be there!
It looks like
there are others boys that can put on a show
And its all good
cause the time each and everyone of them go
if you ever go your way
i'll be there! i'll be there!
I'd like to see you get with him
its time we settle down knit
you are
you are
if you ever go your way
i'll be there! i'll be there!
I'd like to see you get with him
its time we settle down and knit
you are
you are
you are
you are
