Every damn weekend when I go out and find a party
Sometimes I see the same chicks from the last week's
kegger,
Walking around looking like clones and if you got
drugs
Or money, they would love to jump your bones

[Chorus]
It's a case of same old pussy...SOP

Once in a while I like a nice tight twat,
But I get really pissed when I enter a house of tuna rot
And you know man I really get sick when a fine looking
Chick starts turining a trick!

[Repeat Chorus]
