I want to help you
But I don't know how
I want to soothe you
But I can't speak out
I have many fears
About rejection
I have many memories of pain
I have always been a bit too shy
So I'll turn and look the other way

[Chorus:]
Other way
Other way
I will turn and look the other way

I want to hold you
But I am afraid
I want to touch you
But I'm not that way
I have many doubts about my motives
I have many fears about my breed
I have always hurt the women I love
So I'll turn and look the other way

[Chorus:]
Other way
Other way
I will turn and look the other way

[guitar solo]

I have many doubts about my motives
I have many fears about my breed
I have always hurt the women I love
So I'll turn and look the other way

[chorus:]
Other way
Other way
I will turn and look the other way
Other way
Other way

I will turn and look the other way
Other way
Other way
I will turn and look the other way
Other way
Other way
Other way
Other way. (wayyyy)
