When you kiss me
Say you love me
It makes me feel so good.
I wanna break down
And give in to you.
I wanna believe that you're the one.
You give me my pills
And sing a strange song
And all my hurting goes away.
I start to drift off with you beside me
I wanna believe that you're the one.

Cry and cry and let it out
We have to face that it's over now.
Even as I anoint your door
I'm looking out for something more.
Cry and cry, I'm crying too
'Cause no one touches me like you do.
I don't want my mom to know
That I've been a dirty boy.

I tried my darnedest to be a bastard
I want you to think that I don't care.
But I feel sorry
You're so pretty
You start to cry and I kiss your mouth.

Cry and cry and let it out
We have to face that it's over now
Even as I anoint your door
I'm looking out for something more.
Cry and cry, I'm crying too.
'Cause no one touches me like you do.
I don't want my mom to know
That I've been a dirty boy.

You're a tragic girl
You lead a tragic life
I'm just meant to be
Your latest tragedy.
Ain't no butterfly girl

This ain't no butterfly love
I'm just meant to be
Your latest tragedy

I tried my darnedest to be a bastard
I want you to think that I don't care
But you're so pretty
And I feel sorry
You start to cry and I kiss your mouth.

I don't want my mom to know
That I've been a dirty boy.
You're a tragic girl
You lead a tragic life
I'm just meant to be
Your latest tragedy.
Ain't no butterfly girl
This ain't no butterfly love
I'm just meant to be
Your latest tragedy.
