Another sentimental argument and bitter love
Hugs without a kiss again, dragged it through the mud
Yelling at brick walls and punching windows made of
stone
The worry rock has turned to dust and fallen on our
pride

A knocked down, dragged out fight
Fat lips and open wounds
Another wasted night
No one will take the fall

Where do we go from here?
And what did you do with the directions?
Promise me no dead end streets
And I'll guarantee we'll have the road

A knocked down, dragged out fight
Fat lips and open wounds
Another wasted night
No one will take the fall

Another sentimental argument and bitter love
Hugs without a kiss again, dragged it through the mud

Where do we go from here?
And what did you do with the directions?
Promise me no dead end streets
And I'll guarantee we'll have the road

And I'll guarantee we'll have the road
And I'll guarantee we'll have the road
