Michael had been shot many of times,
But Loomis realised it wasn't easy for
Him to die! So the shape escaped without
A trace, and body after body he left a
Horrible disgrace.

Dr. Loomis figured out with total con-
centration, that Samhain, demonic ritual
Of pain, was Michael's celebration.
And his only mode was to search and
Kill his sister, Laurie Strode.

[Chorus:]
Halloween II-The Shape strikes
Again. The night isn't over, until he meets
The end. He'll search throughout every neigh-
borhood, slashing his way, until he kills
His sister in cold blood.

[Solos: J.D., M.S.]

[Chorus]
