

Wehrmacht "Termination"

Visit "[Termination](#)" on MotoLyrics.com

Lead a path from this destructive place,
Cannot be slaughtered into an unholy disgrace,
A dark fate awaits the final mistake,
Be free. You must escape.

[Chorus]

Who? You were targeted for termination,
Blown away to desolation.
Who's next to be tagged for termination?
Somebody's everted.

Eyes of hatred peek upon you, have to figure out
A way to get fuckin' through, someone's claimed a big
Price on your head, that someone wants you face down
dead,
Now it's too late, you screwed up, made a big mistake,
Death gave you the final date.

[Repeat Chorus]
