Cool Cool
Kiss Kiss
Keep your hands up off my lips
Capsize just like a tanker
So keep away stranger stranger danger
Kill Kill
Piss Piss
Keep your hands up off my lips
You're not givin' me nothing
You're not killing me
Cool Cool
Kiss Kiss
Keep your hands up off my lips
Capsize just like a tanker
So keep away stranger stranger danger
Kill Kill
Piss Piss
Keep your hands up off my lips
It's everything I am
It's everything I thought I was
It's everything I am
It's everything I'm not
Kill me, thrill me, kill me
Kill me, thrill me, kill me
Kill me, thrill me, kill me
Kill me, thrill me, kill me
It's everything I am
It's everything I thought I was
It's everything I am
It's everything I'm not
