Desperation #5

She takes a swim then takes a dive

She takes a swing and she can hit

Muddy water

Dirty ditch

Take a swim and walk with me

make a steal the Christmas Tree

Hold the water hold my hand

Takes its time and time again

Oh there is no reason

time to go oh there is

no reason play the show

oh there is no reason

Desperation #5

She takes a swim then

takes a dive

She tries to hold her, hold

her hand, then down the muddy

hand again
