Fatter, fatter
Shake 'n Bake, fatter
Shake 'n Bake, fatter
Fatter

Corndogs, pizza, Coca Cola
Yogurt, butterscotch, granola
Look at me, I'm fatter
I'm fatter, I'm fatter

Friends all gather 'round me
My enemies surround me
Yelling "Fatso, fatso, fatso"
I've eaten at every single greasy spoon on Seventh
Avenue
That's right, I'm fatter

Don't you know my weight is going up, up, up, up, up
I tell you, this turkey sure is tough
Tough, tough, tough, tough, tough, tough

They got pizza on the west side
French fries up town
Corn dogs deep fried in batter
I'm fatter

Go ahead, bite the big apple
Don't mind the calories
Pile it on my platter
I'm fatter

Pile it up, pile it high up
