Sometimes I feel, like I need a vacation
Sometimes I feel, like I wanna go
To the city of cavemen, the city of Bedrock
I'd be a Flintstone, now I'll tell you why

Well, I've got, I've got a woman named Wilma
Well, I've got, I've got a baby named Pebbles
Well, I've got, I've got a doggy named Dino
We do a little bowling and we drink a little vino

Well, I've got a little buddy, Barney Rubble
Got a neighbor by the name of Barney Rubble
He's a midget but he makes a lot of trouble
Doesn't like to shave, he got caveman stubble

Me and Barney, Loyal Order Water Buffalo
Lodge brothers, Loyal Order Water Buffalo
There's a handshake everybody gotta know
How come grand Poo-Bah always gotta run the whole
show?

Yabba dabba, yabba dabba dabba do now
Yabba dabba, yabba dabba dabba do now
Yabba dabba, yabba dabba dabba do now
I get by on all my prehistoric know-how

Betty and Barney got a baby named Bamm-Bamm
Little Pebbles is his number one fan
He's the strongest toddler in the whole land
Tear your arm off, if he's shaking your hand

Got a car, gonna push it with my feet now
Gonna take my family out to eat now
Jumbo ribs at the drive-in can't be beat now
Made from brontosaurus, baby, not a moo-cow

Wanna chill with a saber tooth tiger
Wear a loincloth, natural fiber
Be the first Rolling Stone subscriber
Got a pterodactyl for a windshield wiper

Yabba dabba, yabba dabba dabba do now

Yabba dabba, yabba dabba dabba do now
Yabba dabba, yabba dabba dabba do now
Don't know what it means, but I say it anyhow

{Wilma, I'm home! Start serving dinner
And don't spare the [Incomprehensible]
Oh, no no no! Don't Dino, don't!
Now take it easy, boy!}

Lucky me, workin' down in the gravel pit
Movin' rocks, on a big dinosaur I sit
Mr. Slate gets mad and he throws a fit
Pull the birdie's tail, everybody knows it's time to quit

I realize I'm living in the Stone Age
No fax, no cellular phone-age
Pick my teeth with a dinosaur bone-age
Liftin' heavy boulders every day for my wage

Barney Rubble, laughin' like a hyena
Barney Rubble, what a little wiener!
Where's Wilma? Anybody seen her?
Got a baby elephant vacuum cleaner

Yabba dabba, yabba dabba dabba do now
Yabba dabba, yabba dabba dabba do now
Yabba dabba, yabba dabba dabba do now
Yabba dabba, yabba dabba dabba do now

Yabba dabba dabba do now
Yabba dabba dabba do now
Yabba dabba dabba do now
Yabba dabba dabba do now

Yabba dabba dabba do now
Yabba dabba dabba do now
Yabba dabba dabba do now
Yabba dabba dabba do now

Yabba dabba dabba do now
Yabba dabba dabba do now
Yabba dabba dabba do now
Yabba dabba dabba do now

{Now that's alright
Oh, boy!}
