We'd should kill him
It be thrillin
just to kill him

Lets hunt him down and shoot him in the head
Lets beat the crap out of the sadam
Lets hunt him down and shoot him in the head
And bomb iraqi to the ground

Lets hunt him down and shoot him in the head
Lets beat the crap out of the sadam
Lets hunt him down and shoot him in the head
And bomb iraqi to the ground

Dont screw with the U.S.A
Dont screw with the U.S.A

Now if he does attack
Were gonna drop a stack
Of missile on iraqi
And get him off a back
and if he wont let us look for all his nerve gas
the u.s army is gonna kick him in the ass (in the ass)

we should destroy, should destroy
that iraqi boy

Lets hunt him down and shoot him in the head
Lets beat the crap out of the sadam
Lets hunt him down and shoot him in the head
And bomb iraq to the ground

Lets hunt him down and shoot him in the head
Lets beat the crap out of the sadam
Lets hunt him down and shoot him in the head
And bomb iraq to the ground
