Hit my snooze alarm for the 27th time  
Just dont feel like goin to work  
I think I'll call my boss then I'm  
Gunna hack and cough and wheeze  
Swear I got some strange disease  
Whats that little twerp gunna say?  
hay hay hay

Im callin in sick today  
Callin in sick today

I could shine my pennies or clean my lava lamp  
I could spend all day in my underwear watchin Earnest  
Goes To Camp  
I could sit and count my hair  
I could burp my tumperware  
Im not buisy now anyway hay hay hay

REFRAIN:  
Im callin in sick today  
Callin in sick today  
Aint goint to work no way  
Callin in sick today

I can do anything I want to  
I am invincible now  
Im on fire baby  
Im alive Im alive can you hear me world  
Im alive!

Maybe I'll spend all day lookin at the sun and tryin not  
to squint  
Maybe I'll make a fuge colored papastry from my  
bellybutton lint  
When Im sick of takin abuse  
I just make up some lame excuse  
Freedoms just 7 digits away
