Some girls like to buy new shoes
And others like driving trucks and wearing tattoo's
There's only one thing that they all like a bunch,
Oh, girls they wanna have lunch
Oh, girls just wanna have lunch

I know how to keep a woman satisfied
When I whip out my Diner's Card their eyes get so
wide
They're always in the mood for something to munch
Oh, girls they wanna have lunch
Oh, girls just wanna have

That's all they really want
Is some lunch
Don't ask them to dinner or breakfast or brunch
'Cause girls they wanna have lunch
Oh, girls just wanna have lunch
Girls they want, wanna wave unch,
Girls wanna have...
She eats like she got a hole in her neck,
And I'm the one that always gets stuck with the check
Can't figure out how come they don't weigh a ton
Oh, girls they wanna have lunch
Oh, girls just wanna have

That's all they really want
Some lunch
Don't know for certain but I've got a hunch
Those girls they wanna have lunch
Oh, girls just wanna have lunch

Girls, they want, wanna have lunch
Girls wanna have
They just wanna, they just wanna girls
They just wanna, they just wanna
Girls just wanna have lunch
They just wanna, they just wanna
They just wanna, they just wanna
