Everywhere, I see them there  
I stop and stare at patterns  
I don't care, I must declare  
I've got a flair for patterns

On my hair, the clothes I wear  
My savoir faire is patterns  
All I see is patterns  
The patterns that repeat

Let's go into the bathroom  
I know we're in a room where you would not expect  
much math  
Usually you're in here for a shower or a bath  
But if you gaze upon the floor, and if you're kinda  
smart  
You'll see the repetition is like geometric art

Wow, haha  
Look

Everywhere, I see them there  
I stop and stare at patterns  
I don't care, I must declare  
I've got a flair for patterns

On my hair, the clothes I wear  
My savoir faire is patterns  
All I see is patterns  
The patterns that repeat

Hey!

A polkameister like myself never has to be bored  
I just grab my ax and play some patterns on my  
keyboard  
Now's the time for earplugs if you care about your  
health  
So stand back, everybody, I'm gonna express myself  
Look at this, patterns  
I've got blisters on my fingers  
Woo, hey, aw, get down

Yeah, help me, somebody, woo

Still there? Okay

Next time you find yourself at an exciting polka party  
You can make some patterns with your feet and with  
your body  
If you don't know the steps yet, here's the gang with all  
the answers  
Ladies and gentlemen, introducing, the "Weird AI"  
Polka Dancers

Here they are

Everywhere, we see them there  
We stop and stare at patterns  
We don't care, we must declare  
We've got a flair for patterns

On our hair, the clothes we wear  
Our savoir faire is patterns  
All we see is patterns  
The patterns that repeat

Wallpaper, skyscrapers, funny papers, patterns  
Evergreens, nouvelle cuisine, human beings, patterns  
Garden rakes, wedding cakes, rattlesnakes, patterns  
Golden wheat, little feet, my heartbeat

I gotta stop

Patterns, patterns, patterns, patterns
