the devil went to jamaica
he was lookin' to sell some weed
he was doin' fine
they were standin' in line
it was excellent weed indeed
when he came across a young man
who was likewise peddelin' pot
and the devil slid down the beach to the kid
and said "boy lemme tell you what"
i guess you kinda figured i'm a reefer head of course
and after all this time
i guess that i'm
a connoisseur of sorts
now your stuff smells ok
but this could tranquilize a horse
i'll bet a million in cash
against your stash
coz i think mine's better than yours
the boy said "my name's johnny and you ain't smoked
nothin' yet"
one hit of this grass
will kick your ass
you got yourself a bet
johnny roll a ball of hash
and make sure it's the bomb
coz the devil's got the kind of stuff
they smoked in vietnam
you'll get a million smackaroo's
in cash if you cash if you can cook,
but if you can't devil'll get your dope
the devil packed a bong

with a little acapulco gold
and resin flew from his fingertips
as he fired up his bowl
he filled that chamber all the way
and he took a mighty hit
as they passed it back and forth
it gave'em both a coughin' fit
when the bowl was finished johnny said
"hey man that stuff was great"
but fill your lungs with some of this

and prepare to vegetate
cannabis,apeeva,sweet mary jane
the devil's in the back yard fryin' his brain
zig zag filled with a diggity dang
hold on tight it'll hit you like a tank
the devil nodded off because he knew that he was
stoned
and he asked if he could buy an ounce of the stuff that
johnny owned.
johnny said "devil just come on back if you ever wanna
catch a buzz"
i done told you once you son of a bitch,
mine's the best there ever was
then they
fired up doobies one by one,
ain't gonna stop 'til the bag's done
green as a bullfrog,
sticky as glue
granted you'll get high,
yes i do
