Im taking a long shot
Im praying for good luck
Im taking a long walk far away from here
Ive been looking at myself
Talking to angels
Cant get the stains off my reflection
Youre on your own
Ive got my own addictions
Ive had enough
To know Ive had too much attention
Youre on your own
I could never look with out the wrong intentions
Holding your hand out
Saying it too loud
Trying to tell me how to help you stand
Im losing my patience
Im tired of waiting
You don't want to do this by yourself but you'll never understand
Does it make you feel strong
Does it make you belong
Does it ease all the pain
When it flows through your veins
Does it make you feel loved
When you take just enough
Are you enjoying yourself
Because it puts me through hell...
...(Youre on your own)
Ive got my own addictions
...(Youre on your own)
...(Youre on your own)
Ive got my own addictions
...(Youre on your own)
Ive had enough this time
