What's so bad about lonely
Might be nice for a change if only you
And all the lies and compromise
Hadn't gotten in the way
What's so sad about leaving
You were never really into believing me
Now my friend it all depends on
All those fateful words you say.
You say,

It's a good day if you give us one more try
It's a good day if we stop living up a lie
It's a good day to know that the rest of these days are
mine
It's a good day,
For goodbye

It's one last drink it's one last smoke
It's one last laugh at one last joke
I don't find it humorous
I'm not laughing anymore
It's the letter that I read that he wrote to you
Open up my eyes and I see the sad truth
You and I are worlds apart

It's a good day if you give us one more try
It's a good day if we stop living up a lie
It's a good day to know that the rest of these days are
mine
It's a good day,
For goodbye
