I've got a situation
I forgot my medication
and I've got no one I've got no one
No I've got no one I can call

Did I forget to mention
That I can't pay attention
And now I'm bouncing
Oh yes I'm bouncing off the walls

Did you expect to see me
jumping from a 5th story window
I'd never do that alone

I like cigarettes and dirty magazines by my bed
I like to think about you runnin around naked in my
head
Everyone agrees these little red pills are doin nothing
for me

Well I've got no motivation
Might need an operation
I think I'm going
Say my health's going my health is going down the
drain

Might be manic depression
or maybe just lost direction
I know there's something
We all know that there's something
I know there's somthing wrong with my brain

Did you expect to see me
jumping from a 5th story window
I'd never do that alone

I like cigarettes and dirty magazines by my bed
I like to think about you runnin around naked in my
head
Everyone agrees these little red pills are doin nothing
for me

I've got a situation
I lost my medication
and now I'm bouncing
Oh yes I'm bouncing
Oh now I'm bouncing off the walls

I like cigarettes and dirty magazines by my bed
I like to think about you runnin around naked in my
head
Everyone agrees these little red pills are doin nothing
for me

I like cigarettes and dirty magazines
I like cigarettes and dirty magazines
I like cigarettes and dirty magazines
