Look at me
I need a miracle
More than the blood in my veins
The scenery is changing so fast
I can't keep the face from the names

And I'm having some trouble
Walking on water
And turning it into the wine
That got us here in bed
Its more than i bargained for

And all that i need is to learn
How to breathe again
And all that I want
Is your taste on my lips, on my hands
Cause i need you like oxygen

Look at me
I don't wanna fight in a battle
Nobody wins
And I've been wrong
And I don't understand
How you leave but you
Come back again

And I'm having some trouble
Walking on water
And turning it into the wine
That got us here in bed
Its more than i bargained for

And all that i need is to learn
How to breathe again
And all that I want
Is your taste on my lips, on my hands
Cause i need you like oxygen

And I've been a fool before
And I've been in bed with the Queen
Of angels
And I've been a mess before

And I haven't grown up, help
And if you're asking me

And all that i need is to learn
How to breathe again
And all that I want
Is your taste on my lips, on my hands
Cause I need you like oxygen
Cause I need you like oxygen

Cause I've been a fool before
And I'm having some trouble
Walking on water
And turning it into the wine
That got us here in bed
Its more than i bargained for
