Wild Face  
Burned With Yearning  
Bloody Meadows, Forced To Hate  
In Their Hands, Pain Keeps Growing  
The Veil Of Promise, Shows NO Stains

The System Fails  
The Sky Comes Down

Misery Is Ending  
Clouds Pore Down  
Rains Of Sorrow  
The Downfall Starts

We Eat Our Own Full Weight  
Of Misery, Grieve And Hate  
Thinking That We'll Survive  
Growing Estranged

We Eat Our Own Full Weight  
Of Misery, Grieve And Hate  
Thinking That We'll Survive  
Growing Estranged

Wild Face  
Burned With Yearning  
Bloody Meadows, Forced To Hate  
In Their Hands, Pain Keeps Growing  
The Veil Of Promise, Shows NO Stains

The Downfall Starts Right Now
