I think we were five when we met  
We were so alive then and yet  
We would not survive  
Now i know  
Yours was not a face to grow old  
Oh oh no my old soul  
You left me much too soon  
How i love you  
Oh i  
I was so surprised when you left  
I was like a child how i wept  
But i guess it's ok now  
Go to sleep  
And i will pray the lord your soul to keep  
Oh oh no my old soul  
You left me much too soon  
Much much too soon  
How i love you  
Oh i  
Somewhere down the road i will be walking  
And everything i know will be following  
Maybe then i'll see you  
And i will tell you  
You always were an angel to me
