I will watch
I will watch this flame
Dance in my denial guard the dream
I believe
I believe in this
Ghost of a chance I believe
I was lucky in love
I was skipping in public
Idiot-in-the-know
spoiled then taught the lesson
Trust me
Have me
Understand--time to go
My love you're everywhere
I turn my cheek
But I remember
My mouth is watering
I am swallowing a dream
I don't want to want to want you anymore.
No, no more.
I empathize with your reasons
But I don't really

I don't really
I don't really understand
I don't want to give it
If it just takes away your freedom
And I don't want to touch you
If all you feel are selfish hands
But from where I'm standing
it's gonna be a long haul kicking
From the heart to the mind
it's a long, long distance
Trust me
have me
Understand--time to go
I will watch
I will watch this flame
Dance in my denial guard the dream
I believe
I believe in this
Ghost of a chance

I believe.
