Brother who would fly, chose the name eagle

Rode up to the sun but it shot you down

Face beneath the hat brim, but I can't see you

Where's the man who once could buy the town?

Aah, buy the town.

Cowboy you got mad, picked up your rifle

Went down to the woods just to shoot awhile

Cried about a sparrow but that didn't heal you

Where's the place a man can catch a smile?

Ohoh, catch a smile

Til you walk brother eagle, the owl flies at night

There's a lotta things he's found out in his flight

A lonely sorta man but his path is true

Be a brother to the owl, hear him calling to you.

Whoa ho brother eagle the owl flies at night

There's a lotta things he's found out in his flight

A lonely sorta man but his path is true

Be a brother to the owl, hear him calling to you.

Wolf on the loose, sands are draining

Restless in the hills I hear a lonely owl

Whee hoo, sands have moved along, but you're still

running

Come and be a brother to the owl

Whoo ho to the owl

Whoaho brother eagle the owl flies at night

There's a lotta things he's found out in his flight

A lonely sorta man but his path is true

Be a brother to the owl, hear him calling to you.
