Visit "[Half Blind](#)" on MotoLyrics.com

There's someone that you've got to see
That someone says I hope it's me
Then they sayay you've lost your mind
Say to them that you will find
That you won't sign
That you will have to fight

CHORUS

But I'm half blind
I almost see myself in you
I like to say to that what's new
Then someone says you've got no soul
That you won't sign
That you will have to fight

CHORUS

There's somewhere that you've got to be

Feeling down and up with me
Then someone says you've lost your mind
Say to them that you will find
That you won't sign
That you will have to fight

CHORUS

Hold my teeth, I'm falling backwards
Shut your mouth, you should see Arthur's
Push that switch and pull me faster
Soon you see that I'm half blind
