[Werd:]

I get drunk on stage and shout out check this  
Trying not to fuck up the lines like Tetris  
See I really want to get a thistle on the necklace  
Plus a won't stop though I'm not ment to get this  
And you say Werd man I'm holding you down  
That's kind of true you are holding me down  
You thought that flow I was over it now  
But I'm happy being fly I am over the clouds  
Iv got no guns I'm not holding the pound  
Iv got no funds I'm not holding a pound  
It's werd mate should know me by now  
I gave you all flows so your owing me now  
Shit your not fly your just stuck in the web  
And I'm a never ending dilemma abbreviated Ned  
And fuck with my fam man I'm needing in bread  
Because I'm not happy in a scene that seems so dead
