What it's Werd S.O.S.
Felt like just using this one
Another second other minute another day
Take another second see I try and find another way
Another lesson learnt still stressing trying to find a way
What the f*ck others say I do this sh*t another way
I'm on but I'm off this and little rappers talk sh*t
They ittie' bitty little silly kiddies they get tossed flicked
Out of my cockpit
The sky's where I walk it's
Crossed my mind but my mind I lost this
So watch this like cross this not got the knot's it's
Like yelling yellow like the Simpsons or the Jaundice
Tracing dead rappers in a circle like the chalk was
Sorry I could never take a bite like using chop sticks
Another for my city what a pity want to block this
No block call them streets call me tricky when I jot this
Kick-flip on boards see these fagots can't stop this
I'm a big fish small pond another Loch Ness

Another night on the road
Another sold out show

S.O.S. Wardie Burns UV Beatz mate (yeah)
It's just a remix it's just me it's
Just Werd it's just a remix
It's just me, it's just me pricks
And this it's just a remix

Another second other minute other day
This how we live life like there's no other way
And others say Werd get the f*ck away
I'm not f*cking with these little damn f*cks the day
Take a laugh at the back when the c*nts away
But to the face they fake they don't f*cking say
So hey, let's get to the point real quick
I'm real you deal with chase cash shit
Them gay ass hits a don't play that shit
No fibs these gigs a do that shit
And in a way that's it
Why I do like this

Since 'dae aw day' you going to play that prick
Can't hate all day but I stay this bitch
Is mine it's fine you can say your bit

Another night on the road
Another sold out show

Yes Auld Reekie music
Sampled or looped by me from somewhere else
I don't know
It's just a remix it's just me pricks
It's just a remix (Aw f*cking hell)

Another second other minute another day
Others say others great but others they ain't get played
Another day you will see I do this another way
I can do what they do - It doesn't work the other way

Another night on the road
Another sold out show
