[Sample:]

Your as cold as ice

Your willing to sacrifice [repeat]

[Werd:]

Spit hot as the Sahara

But cash I ain't got nada

No dressed in Prada

No champagne ad rather

Sip on Tennents lager

And look for fucking pagers

Carry daggers and swagger

And talk with loose grammar

Think your hard as nails then we hit you with a hammer

Got some nuts and screws loose I'm in need of a
spanner

Yeah I'm tooled up the handy man

I be the candy man

No hook in hand but this be my hooking hand

Back to pagers we wear no balaclavas

When we jump you cunts for saying that you could have
us

If I had a (click) I spray it like tagers

I'm board of the games dodging snakes and climbing
ladders

To be behind cameras I need to make change

Change from what I spit fire like war planes

Drop bombs the same

I'm the candy man again

Must be covered in bees with this buzz about my name
Cold as ice

[Sample:]

Your as cold as ice

Your willing to sacrifice [repeat]

[Werd:]

You need to quit it

See I rip it when I spit it

Make you croak like 'ribbit'

When I grab your throat and rip it

Shit I need a stone with rip written in it
Cause of fucking death was too fucking sick with it
So applaud the best with Gillette sharp lyrics
Before I said lager now I'm back on the sprits
Driving the car over both fucking limits
No gimmicks it's my life I fucking live it
What are you a critic I'm cold as ice
Take the seat off and on your fucking bike
Rewind repeat I'm as cold as ice
There none not a nun ain't even as tight
Cold as ice

[Sample:]
Your as cold as ice
Your willing to sacrifice [repeat]

[Werd:]
Who the fucks this guy
Werdos
Who the fuck is this guy
Cold as ice aye right

[Werd:]
Man whose he-man he thinks that he's He-Man
Why did he say that on the track - Because we can
Cold as ice the snowman I know you love the flow man
Before this shit 'Kick off' get the program
Like match day I'm blowing up like Travis in taxi
I'm traveling that way nah nah you can't catch me
Where there your backing me or backs to me
I'm back the day back to dae
What I dae every day rip the mic in every way
Werd plays with word play
You could take a survey
They'd say that your gay am better on my worse day
Drink on a Saturday Friday if I'm Thursday
Mum watch what son dae get cream like Sundays

[Sample:]
Your as cold as ice
Your willing to sacrifice [repeat]
