[Werd]

Nobody likes me everybody hates me

I think al go and eat worms

Ha ha mic check one two

Cunt you don't like me well

Cunt nobody likes me everybody hates me

I think I will go and eat worms

Wee fucking silly ones big fat mouthy cunts

Al watch you all squiggle and squirm

See nobody likes me everybody hates me

It's OK it's that shit that made me

Al rip you fucking fagot maggot little worms

And you see it's fucking tragic when it dribbles from
my tongue

See I'm like a little thistle I'm a prick that will tipple

And make ripples cause my drives got me caught in
the middle

I can't stop I am fickle wont admit I am little

But he's no fans man just a man in a pickle

He don't see that the kid will leave him lying all crippled

When you go against mwoi you see a hood and a sickle

Fuck your fans man damn make them mine when a spit
al

Make them go fuck yeah and pull a face like they
whistle

Like (woo woo) no I wont be civil

For the time that it took should be giving me triple

You slimly little dirty mucky underground punk

Did you think I didn't notice your a worm of a cunt

See nobody likes me everybody hates me

I think I will go and eat worms

Wee fucking silly ones big fat mouthy cunts

Al watch you all squiggle and squirm [x2]

See you cunt don't know what your doing

And you cunt shouldn't fuck with the movement

You cunt don't know what your doing

And you cunt shouldn't fuck with the movement

The music I'm moving there's fuck all doubt

If you go against mwoi your no getting a shout
This is fucking rap mate it's what the fuck I'm about
If it was failing in a business you would win hands down
Fuck you sir you should know it's around
Every cunt you bigged up's just been let down
Fuck you sir see a ken your a goon
And your wee baby rhymes like a fucking cartoon
See if you didn't do it I wouldn't have to say it
It's basic I'm favourite of coarse they're going to play it
And your a worm cunt just stay under the ground
And if you say any more al be shovelling down

See nobody likes me everybody hates me
I think I will go and eat worms
Wee fucking silly ones big fat mouthy cunts
Al watch you all squiggle and squirm [x2]

I'm new watch time fly's I'm first
You've got a new top like your buying a shirt
Got a blade if you argue the fact
Like a goalkeeper you get one in the back
See worms don't want it me so don't try it
Get plugged like mixtape here now go buy it
What's your the problem you maggot?
I'm no saying names but we ken whos a fagot
See politics your talking it and going against all of it
Cause you also try to profit it and make money off it
So really your just talking shit and doing the opposite
This anti-goverment is just a market you follow with
Bring it to the surface like rain going tap
Have to tell this wee worm he's no rain on rap
Just a pain in the ass with a pain in his ass
Cause he keeps getting fucked by his fake contacts

See nobody likes me everybody hates me
I think I will go and eat worms
Wee fucking silly ones big fat mouthy cunts
Al watch you all squiggle and squirm [x2]

Ha ha (Breath) what's the time that the time
Aw fuck av got that evaluation (Foot steps)
