[Werd]

Ha, check, itâ€™s my happy song  
Sing along, Whistle along

First off donâ€™t matter about sales,  
I might trail, but it shines, snail  
Some cats look depressed, fail  
So cheer up dog, wag-wan tail (haha)  
(Christians) Christian Bale  
Walk in my scene, and Iâ€™ll raise hell  
And aim for heaven, I've been through as well  
But I keep here still, gel  
And I've got some skills, but no Nas  
It aint hard to tell  
I got bars, my heads in a jail  
And in the ocean of thought I set sale  
Trying to sell this, when their buying fertilizer  
(Shit) I guess talk is cheap  
But I canâ€™t be mad when Iâ€™m on this beat

Itâ€™s my whistling song  
I canâ€™t whistle or I'd whistle along  
Itâ€™s my whistling song  
I canâ€™t whistle or I'd whistle along like,  
(Yeah, Whistle along) Itâ€™s my whistling song  
Yeah, just whistle along

Listen, Wardie's running the rap thing  
Madhat down south on that grime thing  
Riddlah got married mate, thatâ€™s a blessing  
And Iâ€™m still here myself, depressing (haha)  
But I got to laugh a little bit  
Because itâ€™s all my own doing when it comes to it  
Itâ€™s all I ever damn do got no other shit  
And when you've came this far, you try and quit  
You'll see itâ€™s not an option  
You canâ€™t do it to yourself, or them  
(Oh God) Sons doing it constant  
Since teen, with a few sins he's lost in  
So I just keep talking  
And hearing then, I smile, often  
Hearing them, give praise, rewarding

And with nothing, still happy, recording

It's my whistling song  
I can't whistle or I'd whistle along  
It's my whistling song  
I can't whistle or I'd whistle along like,  
(Yeah, Whistle along) It's my whistling song  
Yeah, just whistle along

Scant Squad (whistle along)  
Wardie Burns (just whistle along)  
Perfect Practice (I'm not whistling alone)  
UVBeatz (we just whistle along)  
Madhat (just whistle along)  
Deeko (I'm not whistling alone)  
Jordan Butler (I don't whistle alone)  
Z.A. (I can't whistle or I'd whistle along)  
Mog and Nity Gritz

It's my whistling song  
I can't whistle or I'd whistle along  
It's my whistling song  
I can't whistle or I'd whistle along like,  
(Yeah, Whistle along) It's my whistling song  
Yeah, just whistle along
