What listen, this one dedicated to the forum  
And wanna-be emcees that are nothing  
Fucking nothing internet rappers  
When was the last time you made money?  
Or sat down in a meeting?  
Or released six mixtapes in a year?  
Like me ha...

Your all wanna-be's please stop calling me  
We are not the same you're not as hot as me  
Plus I'm cocky see I just mock you geeks  
You're a prime example of what not to be  
(Yeah) So please don't talk to me  
Same old same emcee commodity  
With you're modestly I'm like mate honestly  
If that's all you got then give up on your odyssey  
You try and stand out you use apostrophizes  
But you aint got to shout out with animosity  
Just say something real and get across to me  
And I will get it stuck on my head like a cross to me  
You see the scene seems sickening  
Too many wanna-be's there're just children  
It's not rap if your writing a rhyme  
I will tell you something mate get out there and shine

See you, your not emcees  
You just someone that's just claiming to be  
And I'm not saying you can't do it for free  
Just saying (I'm saying) your not emcees [x2]

I'm not slaging or bagging I'm just rapping  
But you're claiming actions that never really happened  
And that's acting when you just imagine  
You not like me you see you lack passion  
(Yeah) Plan I kick like a magnum  
And I'm smashing you pussies like shagging  
I be bragging and can't take a slaging  
So don't slag me unless you can take a stabbing  
It's like I'm putting up a flare damn  
S.O.S. wont you get us out of here man  
We been stranded we planed it right here and

Yeah it hurts but I don't she'd a tear damn  
So will I sell CD's?  
Or will you download it for free  
Is it fair you pay for release  
When to this day I never paid for beat

But your not emcees (Your not)  
You just Claiming to be  
I'm not saying you can't do it for free  
I'm just saying your not emcees
