[Werd:]

DJ Scuba Steve

Norway Europe UK

Werd n Deek on the Bigg Taj beat

[Werd:]

Scotland to Norway

Europe and we all flow

And try to get capital like Edinburgh and Oslo

Also you just get fucked like in a brothel

Trying to fuck with me it's like you entered in a hostel

With E Roth so ease off

Before I rip your ear off

Scream in the drum till am dumb Lord Jesus

I'm like him your just an Apostles

I'm class A like I got in my nostril

Yeah you dig it like a fossil

As a drink wine from the dark green bottle

Spark green my motto

I don't do the lotto

But a'I get rich with this mic that a bought though

Over Europe sicker than bird flu

Spread like epidemics energetic with words dude

Bigg Taj beat Werd n Deek never skiving

So get Dj Scubas gear and just dive in

[Deeko:]

Uh yeah I go in yeah

I can spit a verse hit you were it hurts

Get a hurst

I'm a blessing in disguise or it's obvious I'm cursed

I was born to be a rebel

Don't listen to heavy metel

So listen while I inflict all this sinisem of the devil

Your not gonna get on our level you've fallen off

Your shit now

Impenitent rappers have gotten soft

So write a verse worthy of spitting and we can talk

Until then stay in your position like we're a squad

I couldn't give a fuck if your nice and you got awards

You want applause just say shit about us you got a war

You want a brawl

Like old dirty a like it raw  
I'm Biggie smalls  
Kick in the door swinging a sword  
So bring it on fucks cause I know you don't wanna start  
I put you in a wooden box like Noah's Arc  
I leave bloodstains on your frame  
Making my mark  
And the next snuff film that I make  
Take you apart
