

Wes King "Life Is Precious"

Visit "[Life Is Precious](#)" on MotoLyrics.com

Sometimes I drive too fast
Sometimes I risk it all
Sometimes I'm reckless
And act like I'm made of steel
But I'm just flesh and bones
A product of the Fall
Still I have purpose
And this I know to be real

[Chorus:]

Life is precious, life is sweet
Like the earth beneath my feet
Though I know I'm passing through
I know I belong to You
Life is precious, life is sweet
And this truth makes it complete
Knowing Jesus died for me
Life is precious
Life is precious, life is sweet
I can't see past myself
When I get depressed
I take for granted
This life You've given me
There are a million ways
I've been so richly blessed
I can't imagine
Not being able to see

[Chorus]

And this life I live in the body
I live by faith in the One
Who gave Himself for me

[Chorus]
