Well it's quiet down on Boston and that's a rarity these days
And the Citgo sign is a different shade, well I haven't seen this town in days
Cuz my world it just got bigger, and my perception aint the same
And I don't need your comments boy, well I don't need you to play this game
Cuz I started running, and I'm gonna run, run, run, until I leave this town behind
Cuz Boston, man it feels alright, but I got bigger things in mind.
And I've started running and I'm gonna run, run, run, until I leave this town behind
Cuz Boston, man it feels alright, but I got bigger things in mind.

And I've got two bills in my pocket, sit with a nickel and a dime
And I can buy this whole free world, in a second make it mine
Well the man taught me bout freedom, well the man taught me bout life
He said man don't let it get you down, just take it one day at a time

So I started running, and I'm gonna run run run until I leave this town behind
Cuz Boston, man it feels alright, but I got bigger things in mind.
And I've started running, and I'm gonna run, run, run, until I leave this town behind
Cuz Boston, man it feels alright, but I got bigger things in mind.

And it's quiet down on Boston and that's a rarity these days
And the Citgo sign is a different shade, well I haven't seen this town in days
Cuz my world it just got bigger, and my perception aint the same, no
Well I don't need your comments boy, well I don't need

you to play this game
Cuz I started running, and I'm gonna run run run until I
leave this town behind
Cuz Boston, man it feels alright, but I got bigger things
in mind.
And I've started running and I'm gonna run, run, run,
until I leave this town behind
Cuz Boston, man it feels alright, but I got bigger things
in mind.
